

OPEN MOBILITY CALL FOR 2023 - 2024

Partner country:	choose
Partner organisation:	choose
Programme:	Mobility
Period:	2023-2024
Announcement of the call:	11. 4. 2022
Deadline for submission:	14. 6. 2022

The call is part of the Mobility Program and it is open to applicants from all scientific fields without thematic limitation. **The condition is an acceptance letter from the partner institution.**

Objectives:

- Improvement of scientific cooperation with institution without a bilateral agreement with SAS;
- Stimulation of involvement of young researchers and PhD. students;
- Supporting research teams aspiring to cooperate on large international projects in the future with hosting institution;

Eligibility criteria:

Projects proposals from **all research fields are accepted.**

Maximum project duration is **2 years (24 months)**, extension beyond this period is not permitted.

In case applicant submits more than one project proposal within one call, only one of them can be funded.

Research team:

Each research team consists of:

- One principal investigator (senior or junior researcher)
- One or more co-investigators.

Research team members are divided into four categories:

- Senior researchers (5 or more years after receiving PhD)
 - Junior researchers – postdoc (less than 5 years after receiving PhD)
 - PhD students
 - Others (engineers, technicians...)
-
- All members must be employees of the SAS Institutes.
 - At least 1/3 must be junior researchers or PhD students.

Financial provisions:

Financial contributions must be calculated and provided according to the valid national legislation and internal regulations of the partner organisations.

Up to 4 (four) two-year mobility projects shall be selected for funding.

- Financial contribution shall be provided by the SAS towards the costs of the research team.
- The maximum financial contribution shall be EUR 3,000 per mobility project per year (6,000 EUR per two years).
- The approved financial contribution shall be used first of all to cover mobility costs: travel, living expenses.
- Max. 30% of the approved financial contribution can be used to cover research costs: services, small equipment and networking.
- Non-eligible costs are: personnel, large equipment, overheads.
- There are no eligible indirect costs.
- The project will be monitored through annual and final reports.

Project proposal submission:

Project proposals must be submitted online.

- Project proposals in English must be completed and submitted within the deadline exclusively via the Intranet online application.
- To submit a project proposal, log into the SAS Intranet – Standard rules, select Open Mobility and fill in a project proposal. It is important to attach the document „Acceptance letter“. After finishing your proposal, you shall forward it through your Intranet account to the Director of your SAS Institute for its approval. The Director shall approve your proposal. Once the project proposal is approved by the Director, it will be automatically sent to OMS Úrad SAV (Department of International Cooperation, Office of the SAS) via his/her Intranet account. Bear in mind that all project proposals must be submitted by the SAS Institute Directors by 14 June 2022.
- Follow the attached instructions for online submission.

Evaluation and Selection:

Consists of two step process:

- Each project proposal is evaluated by two independent evaluators.
- SAS prepares a ranking list, which is presented to the Commission of International Relations of SAS.
- Total number of projects approved for funding is published in the call. 7 projects can be founded for years 2023 – 2024.
- Projects are approved by the Commission of International Relations SAS and finally by the SAS Presidency.

Criteria for evaluation of project proposals:

- Quality of the project (scientific relevance, innovative character, quality of objectives).
- Added value and reputation of the host institution.
- Impact of project results, their dissemination and exploitation.
- Quality of research teams: (composition and expertise of research team, previous cooperation and outputs).
- Active involvement of junior researchers and PhD students.

Indicative call schedule
