# “一带一路”国际合作高峰论坛 BELT AND ROAD FORUM FOR INTERNATIONAL COOPERATION

2017年5月14-15日 中国·北京

14-15 MAY 2017 BEIJING, CHINA

▀ Belt and Road Forum for International Cooperation Beijing, May 14, 2017

China will enhance cooperation on innovation with other countries. We will launch the Belt and Road Science, Technology and Innovation Cooperation Action Plan, which consists of the Science and Technology People-to-People Exchange Initiative, the Joint Laboratory Initiative, the Science Park Cooperation Initiative and the Technology Transfer Initiative. In the coming five years, we will offer 2,500 short-term research visits to China for young foreign scientists, train 5,000 foreign scientists, engineers and managers, and set up 50 joint laboratories. We will set up a big data service platform on ecological and environmental protection. We propose the establishment of an international coalition for green development on the Belt and Road, and we will provide support to related countries in adapting to climate change.

—— President Xi Jinping  
Opening Ceremony of Belt and Road Forum for International Cooperation  
May 14, 2017

## Introduction

Talented Young Scientist Program (TYSP) is an international mobility scheme funded by the Chinese government aimed at cultivating future leading scientists together with other countries.

TYSP promotes cross-border exchanges of excellent young scientists, scholars and researchers.

TYSP also enhances cooperation among research institutes, universities and enterprises.

TYSP offers sponsorship (¥12,500/month) for talented young scientist from other countries to work in China on full time basis for 6 or 12 months together with China's team.

## Cooperation Partners

Chinese partners

### 1. Competent Authority

Department of International Cooperation, MOST  
<http://www.most.gov.cn>

### 2. Executive Agency

China Science and Technology Exchange Center  
<http://www.cstec.org.cn>
